5/4/2009

FIBL09999

Job # 149785

Supervisor: Charlie Prinze

Analysts: Rob Houseright

AAR# 8547

Sample results denoted with a "less than" (<) sign contain less than 5 fiber/100 fields which is the limit of detection (<7.0 f/mm2). Analytical results and reports are generated by FiberCom Laboratories, Inc. at the request of and for the exclusive use of the person or entity (client) named on this report. The condition of the sample analyzed was acceptable upon receipt unless otherwise noted on this report. Results on this report represent the analysis of samples submitted by the client. Sample location, description, area, volume ect. was provided by the client. If the report does not contain the result for field blank, it is due to the fact that the client did not include a field blank with their samples. This report makes no express or implied warranty or guarantee as to the sampling methodology used by the individual performing the sampling. The client is solely responsible for the use and interpretation of these test results and FiberCom Laboratories, Inc. makes no express or implied warranties as to such use or interpretations. This report shall not be reproduced, except in full, without consent of FiberCom Laboratory, Inc.
